#newproductlove

New product introductions for 2019 vary in shape, size, colour and material - highlighting the extent of our tabletop offering, and the solutions we provide for all hospitality environments.

With coloured tableware still proving to be extremely popular, the addition of two new colourways on our exquisite fine dining range Willow, brings greater opportunities for establishments to create alternative presentations with statement pieces.

Our new Charcoal Dapple collection is a fantastic addition to our portfolio, providing casual dining environments with key shapes and sizes that not only look stunning on their own, but striking and unique when mixed with other key ranges such as Craft Liquorice and Ink Crackle.

All collections within our new brochure are designed and sourced to withstand demanding service within busy commercial kitchens, and create tabletop presentations to be admired.

woven white wonderful

Exuding style and hidden strength, the Willow collection is perfect for all fine dining and banqueting environments. Offering multi-level presentations through a series of wide rim gourmet plates and a new modern mid rim plate, Willow provides an elevated presentation that will withstand the demands of a robust commercial environment. Stylish and pure glass pieces in clear and smoked offer further dimensions and presentation opportunities for fine dining. The addition of two rich colour glazes, which create a jewel like effect add further beauty to this range. The glazes highlight and pick up the beauty of the embossed design, and elevate the Willow presentation of key signature items.

In 2017 the Willow collection was awarded the sought-after Red Dot seal of approval for outstanding design.

premium polished perfection

The Art Glaze range from Royal Crown Derby constitutes an upmarket artisan aesthetic allied to the purity and whiteness of fine bone china. Each piece is unique as reactive glazes obtain their beauty through random and chance effects due to kiln firing, glaze chemistry and their being applied by hand.

The four coloured glazes have been developed to be beautiful individually, or in contrast with each other. Special attention has been given to deliver a refreshing, high-end presentation platform to best showcase chef-driven menus.

unique natural extraordinary

The Potters Collection by Robert Gordon includes an exciting and informal assortment of embossed plates, platters, bowls and accessories in two unique colours: Pier and Storm. Each colour has a distinct finish that is stunning on its own or can be beautifully mixed to create an unforgettable tabletop. The reactive glaze on Pier and Storm ensures that no two pieces of this Australian-designed porcelain will be exactly alike, and Pier's neutral taupe and Storm's deep blue colour intensity varies from piece to piece.
